

That Ship Will Sail

The cockrel crows and it's a warning
It says a ship will leave this morning
With or without you come noon
That Ship Will Sail

I've always said we should embrace it
Yes, when that moment came we'd face it
With or without you and soon
That Ship Will Sail

The stakes were never higher
You'll join me now or stay
And sit beside the fire
I'll climb mountains far away

And if you choose to stay I'll kiss you
I'll let you know how much I'll miss you
But none the less without fail
That Ship Will Sail

The stakes were never higher
You'll join me now or stay
And sit beside the fire
I'll climb mountains far away

And if you choose to stay I'll kiss you
I'll tell you just how much I'll miss you
But none the less without fail
That Ship Will Sail
